Professional Experience

Account Executive | Angel One Sub-Brokership | Bhubaneswar, Odisha

Aug 2021 – Apr 2023

- Managed 200+ monthly client onboarding and KYC verification processes.
- Maintained 10,000+ transaction records with high data accuracy using Excel and Google Sheets.
- Generated daily settlement and MIS reports, reducing query resolution time by 20%.
- Performed data cleaning and validation using Pivot Tables, VLOOKUP, and COUNTIF.

MIS & Operations Support (Part-Time) | Hamwood Commerce | Bhubaneswar, Odisha

May 2023 – May 2025

- Maintained sales, inventory, and customer records in Excel for daily tracking.
- Recorded customer credit, payments, and outstanding balances for reconciliation.
- Handled payment collection and updated records for accurate financial tracking.
- Supported warehouse dispatch and stock tracking using Excel.

Projects

Amazon India Sales Performance Dashboard | Excel, Power Query, HTML, CSS, JavaScript

Developed an interactive sales analytics dashboard using Excel, Power Query, and frontend technologies to analyse 10,000+ Amazon sales records. Designed KPI cards for revenue, returns, cancellations, and category performance. Performed data cleaning, transformation, and visualization to generate actionable business insights and improve reporting efficiency.

Hospital Emergency Room Dashboard | HTML, CSS, JavaScript, Chart.js

Built a responsive healthcare dashboard to monitor emergency room operations, patient admissions, wait times, satisfaction scores, and department referrals. Designed interactive KPI cards, dual-year comparison charts, and real-time visualizations using Chart.js to support operational analysis and performance tracking.

Mobile Sales Performance Dashboard | Power BI, Power Query, DAX

Developed an interactive Power BI dashboard to analyse mobile sales performance, customer purchasing behaviour, and revenue trends. Used Power Query for data transformation and DAX measures for KPI calculations, dynamic filtering, and business insights through interactive visual reports and slicers.
